

Swiss Working Group «Interventional Cardiology»

Winter Meeting 2024

Friday – Saturday, 19 – 20 January 2024

Hotel Seedamm Plaza | Pfäffikon SZ

Online registration: www.ptca.ch

CMI Credits 6 category 1 A

Organising agency: FentEvent GmbH, Bronschhofen, www.fent-event.ch

Dear colleagues, dear friends,

With great pleasure we announce another exciting Winter Meeting of the Working Group Interventional Cardiology of the Swiss Society of Cardiology on January 19 and 20, 2024 at the Hotel Seedamm Plaza, Pfäffikon SZ.

We remain true to the proven concept with presentations of instructive complication cases from all regions of Switzerland and allow enough time for a lively discussion among peers. The number of cases of coronary and structural interventions will be balanced. We kindly ask you for instructive and well documented cases (email JuanFernando.Iglesias@hcuge.ch and stefan.blöchlinger@ksw.ch). We are convinced that you will present spectacular and emotionally touching cases. As a tradition the best three cases will be awarded.

We will break up the presentations of the cases with two short presentations "Cardiology Quiz".

We are especially looking forward to our guest speakers on Friday and Saturday. **Jukka Takala** (Professor Emeritus of Intensive Care Medicine, University of Bern) will talk about the Question: **"Outcome and resource use in the ICU- a conflict?"**. **Jeannine Gmelin** (the most successful Swiss rower and the first Swiss woman to become 2017 world champion in an Olympic boat class) will give us insights on **"Inside rowing at top world level"** and **Kathrin Altwegg** (Professor Emeritus of Space Research & Planetary Sciences (WP) will take us through new dimensions and tells us about **"Life on Earth: are we here by chance?"**. We are curious if there are parallels to our profession?

We would like to take the opportunity to thank our industry partners. Without their support, this meeting could not take place.

We are looking forward to another Winter Meeting, with the privilege of many moments spent between colleagues and friends. It will serve, as every year, to exchange ideas in a relaxing and enjoyable atmosphere.

Please do not forget to confirm your participation and to send us many interesting and challenging cases.

We look forward to seeing you all in January 2024 in Pfäffikon.

Juan F. Iglesias

Stefan Blöchliger

Organising Committee

Juan F. Iglesias, Hôpitaux Universitaires de Genève, Genève
Stefan Blöchlinger, Kantonsspital Winterthur, Winterthur

Guests

Jukka Takala, MD, PhD, Professor Emeritus of Intensive Care Medicine, University of Bern
Jeannine Gmelin is the most successful Swiss rower and was – in 2017 – the first Swiss woman to become world champion in an Olympic boat class. Since the Olympic Games in Rio 2016, the single sculler has been one of the world's rowing elite, European Champion, overall World Cup winner and two-time Olympian (Rio 2016 and Tokyo 2021) with two fifth places.

Prof. em. Dr. Kathrin Altwegg, Space Research & Planetary Sciences (WP)
Swiss astrophysicist, associate professor at the University of Bern, project leader of the Rosina mass spectrometer and former director of the Center for Space and Habitability (CSH) at the University of Bern

Member	CHF	80.00
Non-Member	CHF	400.00
SCOT/Nurses	CHF	100.00

Hotel Seedamm Plaza

Seedammstrasse 3
8008 Pfäffikon SZ
Tel. +41 55 417 17 17
www.seedamm-plaza.ch

Location

Thanks to its central location, the SEEDAMM PLAZA is easily reached by all means of transportation. It is located in the middle of the economic region of Zurich, at the very beginning of Lake Zurich.

Arrival by train

Starting from the Zurich main train station the trip is reduced to 30 minutes. From the train station Pfäffikon SZ the hotel can easily be reached in 10 walking minutes. You can also use the public bus to the stop «Schweizerhof» and then reach us by foot in 2 to 3 minutes. Using «Seedamm Taxi» you can reach the SEEDAMM PLAZA in 5 minutes from the train station Pfäffikon SZ.

Arrival by car

If you travel by car, use the address «Seedammstrasse 3, 8808 Freienbach» as the final destination in your GPS. Outdoor car park and underground car park directly at the hotel.
